

Teresian College, Mysore

One day National Level Workshop on

“Sustainable Green Energy Technology for a Bright Future of the Nation”
organized by the Department of Botany and Physics in collaboration with

Rachana Energy Care

REPORT

Programme Schedule:

Date: 09-03-2018

Time: 9.30am – 4.30pm

Venue: Ave Maria Golden Jubilee Auditorium, Mysore

Participants: Faculty, Research Scholars and Students

No of Participants: 280

Topic: Sustainable Green Energy Technology for a Bright Future of the Nation

Speakers and Resource persons:

1. Mr Shamsundar Subbarao , B.E.(Mechanical), MSc(Renewable Energy, Germany)
Head, NIE –CREST, (NIE-Centre For Renewable Energy & Sustainable Technologies) and Associate Professor, Department of Mechanical Engineering , The National Institute of Engineering (NIE) , Mysore -570008.
2. Mr Anil Kumar Nadiger, M.Sc ; Director - Rachana Ener Care

Convenor: Dr Sudha Rao

Associate Professor, Head of the Department of Physics, Teresian College , Mysore

Organizing Secretary : Dr Sr Rohini

Assistant Professor, Head of the Department of Botany, Teresian College , Mysore

Organizing Committee : Dr R A Vasantha

Mrs Annie Mathew

Mrs Kavya Uttaiah

Mrs Preetha Florina

One Day National Level Workshop On –“ Sustainable Green Energy Technology for a Bright Future of the Nation” organized by Department of Botany and Physics, Teresian College, Mysuru, in collaboration with Rachana Energy Care , Mysuru

Aim:

The aim of the workshop is oriented towards creating awareness in the students, academicians and public with respect to the replenish able sources for the welfare of humanity. Since the fossil fuels are finite resources that take millions of years to develop and continue to diminish with use. It is necessary to undertake this catalytic role to mitigate hazardous effects on environment, and promote usage of the green energy for the sustainable development.

Objective:

- To harness the environment friendly renewable source and to enhance their contribution to the socio-economic development
- To be a catalyst in creating awareness about the renewable energy conservation in the society.
- To ensure alternative sources of energy that is clean, reliable , safe, economical and sustainable

Outcome: Information network on Renewable Energy was established. Awareness among school children and public was created through Technical session on green energy equipments.

Programme Committee

Chief Patrons

One day National Level Workshop
on

**“Sustainable Green Energy Technology for
a Brighter Future of the Nation”**

on March 9, 2018

Organized by the Department of
Botany and Physics
in collaboration with
Rachana Energy Care

Venue:

Ave Maria Golden Jubilee Auditorium,
Teresian College, Mysuru.
Time: 9.30 am to 4.30 pm

About the College

Teresian College is one of the oldest Institutes started in the year 1963. It embraces Primary, Higher Primary, High School, Pre-university College, Teresian College of Arts, Science and Commerce, Postgraduate Departments in Biotechnology, Commerce, English and Psychology. College is approved by UGC and recognized under the Section 2(f) & 12 (b) of the UGC Act, 1956, and is affiliated to University of Mysore, Mysuru. The college has been accredited by NAAC with 'A' Grade CGPA of 3.19 (III Cycle) for its quality and standard in disseminating education and values in terms of results, it ranks one among the top colleges affiliated to University of Mysore. On the academic front, the college has achieved ranks and gold medals. The Campus is Wi-Fi equipped with large band width internet facility. The College has a good faculty with highest professional integrity and commitment to academics.

Rachana Energy Care: Rachana Energy Care is nonprofit oriented group with more than 100 professionals, with experience in the range of 15-30years. It started in 2009. The aim of Rachana Energy Care is to promote innovations and best practices in energy conservation and use of renewable energy, in order to protect the environment. Rachana Energy Care has supported public, individuals, organizations, institutions and government departments through training, consultancy, energy audits and the like.

Overview of the workshop:

The workshop is oriented towards creating awareness in the students, academicians and the public with respect to the replenishable sources for the welfare of humanity, since the fossil fuels are finite resources that take millions of years to develop and continue to diminish with use. Besides fuel generates carbon dioxide emissions which create climate change. It is therefor, necessary to undertake this catalytic role to mitigate hazardous effects on environment, and promote usage of the green energy for the sustainable development.

Objectives:

1. "Science and technology for a sustainable future" is the theme of this year's national science day, February 28, 2018.
2. To ensure alternative sources of energy that is clean, reliable, safe, economical and sustainable.
3. To harness the environment friendly renewable source and to enhance their contribution to the socio-economic development.
4. To be a catalyst in creating awareness about the renewable energy and energy conservation in the society.

Respected Sir,

We would like to organize a workshop on Renewable Energy Technology. The title of the workshop is ' Sustainable Energy Technology for Rural Development'. (Green Energy Technology For The Brighter Future Of The Nation'). The tentative date for the workshop is 9th March 2018. We request your kind support in organizing this workshop and also request you to send the exhibits.

Thanking you,

With regards,

A Sudha
